SPECIFICATIONS

General

Model Number:

516-315-26

Note:

Contains the following blocks:
.10005″
9 Blocks: .1001-.1009″ (.0001″)
9 Blocks: .101-.109″ (.001″)

9 Blocks: .11-.19″ (.01″)
3 Blocks: .1-.3″ (.1″)
4 Blocks: .500″, 1″, 2″, 4″

System of Measurement:
Imperial

Number of Blocks:
35

Construction Material:
Ceramic

Material Properties

Grade:
AS-1

Regulatory Compliance

Certificate of Conformance:

PRODUCT DETAILS

- Available in Steel and Ceramic Block Sets
- Rectangular Base for Accurate Wringing
- Includes Inspection Certificate

Mitutoyo Gauge Block Sets are highly accurate calibration tools for manufacturing quality control on thin dimensional parts and manufacturing traceability on standard-sized pieces. Available in different grades, sizes, and steps, these gauge blocks feature exceptional flatness and surface roughness. These gauge blocks are made from high-quality, temperature-stable steel or ceramic providing increased durability and resistance to wear. Mitutoyo Gauge Block Sets are ideal for a range of measurement and calibration applications such as cutting tool positioning, inspection of depth micrometers, and angle measurement with a sign bar.
