Allied Vision GuppyPro FireWire.b Cameras are a part of Allied Vision's GuppyPro line of cameras, which bring high quality imaging at a low price point. These cameras are perfect for any number of applications from [factory automation](#) to benchtop microscopy. An ideal upgrade for an analog camera system, these cameras come in sensor formats from ¼" to ½" and feature 64MB of onboard memory. Allied Vision GuppyPro FireWire.b Cameras have basic firewire cable included as well as driver and SDK. The cameras come in either monochrome or color.
