Product Details

- Compact Size
- High Frame Rates
- Region of Interest Readout (AOI Partial Scan)
- Windows SDK and Linux SDK Included

Allied Vision Prosilica GC Series GigE Cameras are compact, high-performance machine vision cameras with Gigabit Ethernet interface (GigE Vision™). The GigE interface allows for very fast frame rates and long cable lengths (up to 100 meters). Intended for use in industrial and factory environments, these cameras high speed and long cable length make them ideal for production line [factory automation](#) or offline inspection. Allied Vision Prosilica GC Series GigE Cameras come with the GigE Vision™ driver, Windows, and Linux SDK. These cameras come in monochrome or color, in a variety of resolutions.

Note: [GigE Cable](#) and Power Supply, both required for camera operation, are sold separately.
